Officer Marrission on 3/15/2014 about 10:30 Am came into the block a Stated that they were going to beat my ass and then kill me and my family. This is O'Neill shift and he is the one who when I was at the medication window and try to get my medication and was told they run out and then I told them or her that you mean you run out of my medication as sick as I am, then Sergeant O'Neill said put your hands behind your back" I then told him I have not did anything" he then took me down the hallway and turn the hand cuffs to cause more pain and when I told them I was in pain they slam me up against the wall then as they were going down the hallway against I trip and fell because I have a foot drop in my right leg so when I fell they told me to get up, and then I told them I can't get up they then slam me down on the concrete floor and busted my chin open, so bad I then had to go to Dr White to get my chin sewed up. There was also a Marrisen at Center Prison who told me We try to Kill you, You Just want die
